

Green Vibrance

1. Helps improve a sub-par digestive tract or strengthen and maintain one that is already operating efficiently.

- 25 billion probiotic bacteria (inhibit bad bacteria and yeast; aids digestion and nutrient absorption)*
- Chlorophyll from cereal grass juices and other greens (sterilizes & heals intestinal lesions)
- Certified organic acacia gum fiber (supports detoxification, feeds probiotics, provides free radical scavenging, and also is metabolized to short chain fatty acids that support healthful cell development in the intestinal lining.
- Certified organic whole apple powder, providing free radical scavenging, trace nutrients and apple pectin (supports detoxification)*
- Fructo-oligosaccharides (feeds probiotics)*
- Certified organic de-oiled Flax seed concentrate (provides mucilage that removes waste and stimulates cell growth of intestinal lining)*
- Larch arabinogalactans (an effective prebiotic; increases total beneficial gut microflora while shrinking populations of harmful bacteria)*

2. Provides a host of trace nutrients from nutrient-dense, organically grown, concentrated whole foods.

Certified organic Barley grass and juice powder
Certified organic Oat grass and juice powder
Certified organic Wheat grass and juice powder
Certified organic Kamut grass juice powder
Certified organic Spirulina powder
Chlorella (pharmaceutical grade) (Korea)
Certified organic Beet juice powder
Certified organic, de-oiled Flax seed concentrate
Certified organic Acerola berry juice powder
Certified organic Parsley
Certified organic Carrot root powder
Certified organic Spinach
Certified organic Alfalfa sprout powder
Certified organic Broccoli sprout powder
Certified organic Kale sprout powder
Freeze dried Green Bean powder
Freeze dried Zucchini powder
Certified organic Rockweed (sea vegetable)

3. Improves circulation to assure that the benefits of improved digestion and all trace nutrients are actually delivered to each cell of the body.*

Sunflower Lecithin powder*
Vitamin E*
Ginkgo biloba standardized extract*
Green tea standardized extract*
Grape seed standardized extract*
Grape skin standardized extract*
Pomegranate extract (40% ellagic acid)*

4. Supports efficient immunity both as a result of 1.), 2.) & 3.) above (because healthier cells generate more energy and cells of the immune system are more vigorous, and as a result of specific ingredients known to support active immune cells.*

Eluthereoccus senticosus standardized extract
Suma powder
Astragalus membranaceus standardized extract
Holy basil 2.5% ursolic acid standardized extract
Vitamin E
FiberAid arabinogalactan
ResistAid arabinogalactan
Beta-1,3-1,6 glucans

5. Delivers a host of potent anti-aging antioxidant ingredients (1,893 mg.)*

Acacia gum fiber, certified organic (500 mg.)
Amla fruit powder (150 mg.)
Whole freeze dried strawberry (250 mg)
Goji berry juice powder (150 mg.)
Vitamin E (143 mg./100 i.u.)
Ginkgo biloba standardized extract (20 mg.)
Green tea catechins standardized extract (20 mg.)
Grape seed standardized OPC extract (20 mg.)
Grape skin extract (20 mg.)
Pomegranate extract, 40% ellagic acid (20 mg.)
Acerola berry juice powder 21% vit. C (200 mg.)
Tomato powder (400 mg.)
+ All the carotenoids from cereal grass juice powders, algae, and Apricot
Plus uncounted milligrams of polyphenols from green food.

6. Help assure skeletal health*

Cissus quadrangularis extract
Boron 3 mg. elemental from patented calcium fructoborate
Vitamin D3 from lichen oil
Plant calcium
